 **GOODNEWS
IN ACTION**

Between the equator and
parallel 20 there are
more than 30 metropolises
and 220 million unbelievers
with only one language

We call this
opportunity:

**METRO
AMERICA
020**

**VERY CLOSE TO US
VERY FAR FROM GOD**

History

Since 1985, Good News In Action has seen over 250,000 people make professions of faith in Jesus Christ and helped start over 50 churches in El Salvador and Central America. It is currently helping support 20 missionaries and pastors in the same area.

Vision

Start 25 new churches in the cities over 1 million in the MetroAmerica 020 area before the year 2025 that will glorify God as they are used to reach people with the Gospel and transform lives with the Word of God in the power of the Holy Spirit.

Praying for Good News In Action.

Without prayer, we can accomplish nothing that will glorify God. Please pray for Metro America 020 and for the missionaries that Good News In Action supports.

Going on a short-term mission trip.

Most of the people who have made mission trips with Good News have told us that their lives were changed. They were changed by the receptivity of the lost in this part of the world and by seeing God do amazing things through them. You don't need any special talents to make a short-term mission trip; just a willingness to be used by God.

Giving to Good News In Action.

Not only do we want to be used by God to evangelize the Metro America 020 area but also to fortify New Life Baptist Church. So that New Life will continue to be used by God to produce new missionaries and workers to start the new works in Metro America 020, it will be necessary to move the church to its new location and build a 1,200 seat auditorium and a seminary that will give degrees. Good News In Action wants to be used not only to help finance the new building and seminary but to build the bridge necessary to access the property and help build the new orphanage and bilingual Christian school.

**METRO
AMERICA
020**

Is a missionary vision that God has given to the leadership of New Life Baptist Church in San Salvador, El Salvador and Good News In Action. It is a vision based on 3 principles that Paul used during his missionary efforts in the book of Acts: 1) He targeted receptive areas, 2) He targeted major cities, 3) He used teamwork to evangelize and start churches. Churches were never started by one person.

Each of the words in the title tells you a little about the vision:

- America represents countries in Central and South America.
- 020 represents the area between the Equator (0 degrees latitude) and the Tropic of Cancer (22.5 degrees latitude). There are over 220 million lost people who live in this area.
- Metro represents metropolitan areas that include more than one million people. Over 60% of the people in the MetroAmerica 020 area live in these metropolitan areas.

The strategy for MetroAmerica 020 involves 3 levels:

Level 1-The Supply Line

- Forms a ministerial structure inside of the church that establishes communication to the missionaries; it is like a supply line for soldiers on the front line.
- Responsible for prayer.
- Responsible for maintaining the flow of information towards the mission field and towards the church.
- Responsible for providing vital care for the missionaries and responding in times of crisis.

Level 2: Short Term Missions

- Is made up of those who are willing to make use of their time, spiritual gifts, and ministerial experience to go on short term trips to the mission field. The trips could last anywhere from a week to a year.
- Short term missionaries are sent to evangelize, to disciple and for ministerial support of the permanent missionaries.

Level 3: Permanent Missions

- Those who are "planning" to go out as full-time missionaries.
- They must confirm God's call to the mission field, be studying in the seminary or have completed their studies and gained the necessary experience locally to participate in a church planting team.

Financial resources

- The financial key to Metro America 020 is dependence on God. Although the missionaries receive financial support, they are encouraged to go out by faith, depending on God for their support.
- We know that God uses His people to finance His work. Giving to Good News In Action is an opportunity for God to use you to invest in reaching the lost in Metro America 020.
- In addition, 10% of the New Life Baptist Church budget, along with 10% of the budget of each of the churches started, is designated for Metro America 020.
